## FIREMEN HAVE NARROW ESCAPE

### Extra Motor Hose Wagon Skids Enroute to Fire

### ALL ESCAPE INJURY

**Fire of Incendiary Origin Partially Destroys Two Frame Houses 311-313 South Royal Street.**

Six volunteer firemen had a narrow escape from being killed when the extra motor fire hose car of the Reliance fire engine company skidded on the wet stret as the vehicle turned the corner of King and Royal street seast on King street enroute to an alarm of fire at 11:50 o'clock last night.

Just as the turn was made by the driver the front tire of the left wheel blew out and the driver by prompt action saved the apparatus from overturning. The machine, however, swung around with great force butting into the curbing on the east side of Royal street just south of King street.

In less time than it takes to tell the firemen jumped from the apparatus.

In a few minutes the machines was rigged by the driver and the firemen again boarded the machine and proceeded to the fire.

The fire was in two unoccupied houses 311 and 313 South Royal street, frame structures.

According to the firemen the blaze originated in house 311 and this house was principally damaged, although considerable damage was done to the adjoining house by water.

The fire is believed by the fire authorities to have been of incendiary origin.

Prompt action of the firemen save the buildings from destruction.

### REALTY CHANGES

**Deeds of Transfer For Three Houses Recorded**

Dr. Arthur Snowden has purchased from Mrs. Mary E. Alexander, the house and lot at the southwest corner of Alfred and Cameron streets, which is 122 North Alfred stredt.

Harry B. Caton has sold to Mrs. E. Alexander the two-story brick dwelling house 803 Cameron street.

Mrs. Ida E. Beach has sold to Mrs. Charles A. Howard the two-story brick dwelling house 409 North Columbus street.

Deeds for all of the foregoing pieces of property were placed on record in the office of the clerk of the court.

### MEETING TOMORROW

There will be a class in games and pageant work at the War Camp Community Service Hall tomorrow morning at 10.30 o'clock. This course will be given free of charge and is open to all young ladies of this city.

Those interested who cannot attend the opening meeting are invited to attend later meetings which are to be held in the evening.

### ANOTHER VOTE ASKED

**Daylight Bill to be Considdled Today by Full Committee**

Washington, July 16.—Repeal of the daylight saving law, believed settled by th House Monday in sustaining the President's veto of repeal legislation, was reopened yesterday at a conference between leaders of the Senate and House Agriculture Committees.

Senate leaders insisted on another vote by the House on the rider of the agricultural bill to repeal the daylight saving act. The matter will be considered tomorrow by the full House Agriculture Committee.

Senate leaders at their conference today with Chairman Haugen, of the House Committee, declared that the effort on the floor yesterday to pass the bill over the President's evto was half-hearted, and that there in charge of the measure had failed to point out the insistent demand from farmers for elimination of the summer time schedule.

### BOAT TAKEN OFF

**Steamer Lord Baltimore is Taken From Pier—Penn is Still in Operation**

Announcement was made yesterday by officials of the Washington and Southern Navigation Company, operating a steamship line between this city and Norfolk, of an important change in schedule, necessitated by the withdrawal of one of its boats from service.

Hereafter departures will be made from the wharf on Tuesdays, Thursdays and Saturdays, only, instead of daily, as heretofore, while trips will be made from Norfolk on Wednesdays, Fridays and Sundays. Stops will be made at the intermediate points of Colonial Beach, Va., and Piney Point, Md., but arrangements can no longer be made for return the same way, it was stated.

The steamer Lord Baltimore is the boat withdrawn, leaving only the steamer Penn, a craft capable of an average speed of twenty miles an hour and one of the fastest passenger boats on the river.

It is thought that this abridgement in service will be but temporary, as arrangements are being made to acquire a larger and more sumptuously equipped vessel than the Lord Baltimore.

### HOLD HUSBAND AND WIFE

**Accused of Slaying Chauffeur and Stealing Automobile**

Baltimore, July 16.—A Baltimore detective went to Atlantic City yesterday to further investigate recent movements there of Clarence and Grace Cothron, who were arrested Monday in Palatka, Florida, for the Baltimore authorities on the charge of killing Homer Jones, a chauffeur.

Cothron is a native of Eau Gallie, Fla., a small fishing town on the east coast, 150 mile ssouth of Jacksonville His wife, whom he met several years ago at Miami, is said to be daughter of Mrs. Edith Stewart, of Atlantic City. For several days after the crime was discovered detectives searched Atlantic City and Newark, and one trip by automobile led them to the mountains of West Virginia.

Additional surprises were furnished yesterday morning by Police Commissioner Edward F. Burke, who stated that the couple is believed to be responsible for a murder in New Jersey, committed in almost exactly the same way as the Jones crime.

Police say they will try to fasten the following crimes on the pair:

The murder of Homer Jones on the morning of June 11.

The theft of the $1000 automobile which Jones was driving when shot.

The kidnaping of nine-year-old Marie Grosscup, 614 Wyeth street

The hold-up in the Martinique Hotel Atlantic City and the theft of $300 from the cashier.

The perpetration of the "badger" game on a Congressman, from whom they are said to have obtained a large sum of money.

The murder of a negro chauffeur in Atlantic City after the Jones crime.

The theft of the high-powered automobile which the New Jersey negro was driving at the time of the homicide.

The attack on Elmer Swann, of West Baltimore street, a chauffeur, whodrove two men to the home of a man near Seven Mile lane and was then bound and gagged and left tied to a rafter in an outhouse on March 15.

The hold-up committed the following Saturday, in which a Washington chauffeur was hired to bring two men to this city and in a desolate spot near Glenburnie was pounced up on, bound and gagge.d

### THUNDERSTORM AIDS THIEF

York, Pa., July 16.—Taking advantage of a thunderstorm, a thief hurled a brick through a big plate-glass window of a local pewelry store early yesterday morning and got away with three revolvers worth about $35 each. The arrival of two patrolmen probably prevented more articles from being stolen. The window smasher was chased by the officers but escaped.

### LIGHTNING HITS BLIMP

London, July 16.—The British airship NS-11, which left Pulham Monday night on a 48-hour flight, is believed to have been struck by lightning and the crew of 12 lost. The NS-11 was engaged in minesweeping operations.

## AIM BLOW AT STORED LIQUOR

### Law to Take Away Privilege to Have Ardent Spirits In Cellar

### AFTERMATH OF FIGHT

**Many Conservative Drys Declare Move Will Serve to Divide Ranks of Prohibition.**

Flushed with their sweeping victory over the "liberals" Monday, some of the "bone dry" members of the House yesterday determined upon a plan to make the Volstead prohibition enforcement bill even more drastic than it now stands.

This plan is aimed at the element that laid in a supply of liquors before the war prohibition act became operative, July 1. Notice to this effect was served at a meeting of the Judiciary Committee.

When consideration of the bill is resumed an amendment will be offered to eliminate the provision legalizing the possession of intoxicants in residences. The reiterated charges that many mombers of Congress and wealthy citizens have stored up in their cellars large quantities of wines, whisk and beer, the "bone dry" advocates declare, make it necessary to insert in the enforcement legislation a prohibition against the possession of liquors regardless of when purchased.

### POSTMASTER'S APPEAL

**Virginin Writes Letter to Department Asking Reimbursement**

Postmaster General Burleson's staff of inspectors is endeavoring to discover some loop-hole in the law to reimburse Frank H. Chambers, jr., fourth-class postmaster at Featherstone, Va., who lost a third of his monthly pay $6.23—when a sheet of 2-cent stamps slipped from his fingers and alighted, sticky-side down, on a sheet of fly paper.

Chambers wrote the following letter to the Postoffice Department:

"While I am a first-class postmaster, my office is only a fourth-class postoffice and my average pay is only $6.23 a month.

Today as I took from my safe a sheet of 2-cent stamps, I unfortunately let it slip, and it fell sticky-side down, on a sheet of sticky flypaper.

"This, sir, is a catastrophe. One-third of my earnings for the month of July is lost.

"Should not the government be required to make good to me this loss? And if the government does not, would not this be a suitable case for the league of nations to discuss?"

### SERVICE RESUMED

Washington, July 16.—Resumption of mail service between the United States and Germany, effective immediately, was provided in an order signed late yesterday by Postmaster General Burleson.

New York, July 16.—The Western Union Telegraph Company announced yesterday that business cable messages now can be accepted for Germany, but must be written in English or French.

### 26 KILLED ON TANKER

**British Steamer Roseleaf is Blown Up At Cardiff**

Cardiff, Wales, July 16.—Twenty-six persons are reported to have been killed yesterday in an explosion aboard the British tank steamer Roseleaf.

### TO THE PUBLIC

The Health Department wishes to announce that all persons desiring to be inoculated against typhoid fever will receive this treatment free of charge at the Health Office, City Hall, on Mondays, Wednesdays, and Fridays, from 1 to 5 p. m.

The Department urges that all persons who have not received such iuoculation, take advantage of this opportunity.

Dr. James J. Garvey,
166-6c. Acting Health Officer.

### WIFE CHARGES DESERTION

**Mrs. Mary C. Pearce Also Alleges Nonsupport Against Chauffeur**

Alleging desertion and nonsupport, Mrs. Mary C. Pearce sued her husband, McCord Pearce, yesterday for a limited divorce and alimony. They were married in 1913, at Alexandria, Va., and have one child, Annie Laurie Pearce, whose custody the mother asks. Pearce is alleged to have deserted his family in 1915, and gone to Wilmington, Del., but recently returned to Washington and now is employed as a chauffeur by his mother, Mrs. Annie Pearce 1725 Connecticut Avenue northwest.

It is alleged by his wife that Pearce was indicted by the grand jury on March 9, 1917, for nonsupport, and on his plea of guilty was given a suspended sentence and placed on parole, conditional that he pay her a small weekly amount, which she says is insufficient.

### POLLY OF THE CIRCUS GIVEN

**Address by Dr. T. E. Green Feature of Chautauqua Tonight**

Polly paid us a visit last night. Polly, the Parson, Toby, the circus clown, Big Bill the showman and all. Imagine a vacant lot, then a big tent erected thereon with seating capacity for twelve-hundred people, a stage, curtain, scenery, every equipment, just like a regular theatre—and a regular play, "Polly of the Circus."

This was the Chautauqua offering for last night and the production was a complete sucess. There are nine characters required in the play and they were all excellently cast, each one interpreting his or her part in a finished manner.

Judging from the attendance at both matinee and night performance so far, it looks very much as if Chautauqua had imbedded itself in the hearts of the Alexandria people and that Chautauqua would be an annual happening in this city hereafter.

It is certainly to be hoped so for during its stay in the city almost every minute is consumed by the Chautauquan trained attaches in offering music, entertainment and educational instruction to young and old. Each morning at nine o'clock the children of the city up to the age of fourteen assemble at the big, roomy tent and under the direction of Miss Watt, who acts as a "City Manager," an election was held and a Mayor, City Council and other civic officers elected, the aisles being the streets and the chairs arranged to represent the houses. Beside this there are games for the girls exclusively, games for the boys and games for girls and boys together. Then for the older folks and children too—lectures, plays and concerts, and everything conducted on the highest moral plane, so that there is not the least fear of man, woman or child meeting anything but those of the highest and purest standard at Chautauqua. We are glad it came and hope it has come to stay. The entire management us under the very able superintendency of Dr. I. A. Downey who knows his work thoroughly and proves it at all times and by his good generalship the contract for the coming of Chautauqua next year already has been signed by quite a number of leading citizens, patriotic to the uplifting influences of our city and by tonight there is no doubt but that the full quota of fifty guarantors will have been secured. This afternoon and tonight the 1919 Revue Company will give excellent musical programs. Another of the fine, instructive lectures by Dr. Downey will constitute a part of this afternoon program and a lecture, a rare treat, "The Salt of the Earth" will be presented tonight by Dr. Thomas E. Green.

### NOTICE

In connection with the completion of the Filtration Plant of this Company, and the extension of the 20 inch effluent main from the Filters into the Reservoirs, it is necessary to draw down the water level in the Reservoirs about six feet which will reduce the pressure over the city about 2.5 lbs. This work is in progress this week. Until it is completed and the high water again restored in the reservoirs, consumers on the higher levels of the system may experience some temporary inconvenience, which we regret, but which is unavoidable. We will restore original conditions at the earnest possible moment.

Alexandria Water Company.
166-3c.

## EXCITEMENT AT THE SILK MILL

### Two Strangers Throw Suspicious Package Under a Window

### MAKE THEIR ESCAPE

**Police Department Notified, and Officer Durrer Arrives on the Scene And Makes Investigation.**

Some excitement was caused at the Klots Throwing Co., shortly before noon today by two strange men who appeared on the sidewalk of the factory and cast a package under a window. Passersby as well as operatives suspected the bundle contained a bomb, and were afraid to go near it. A telephone call was sent to the station house and in a short time Officr Durrer arrived and he had the nerve to open the package, which was held together by wire. After removing the wire and paper he came to what appeared to be a "cake of compressed particles of cork about twice the size of an ordinary brick. It was moulded square.

The officer took the precaution to place the suspicious devive in water to soak, where it will remain until he is satisfied it is safe to pry into the interior.

No one was able to give the police an accurate description of the two individuals who carried the bundle.

The proprietors of the silk mill have had no friction with their operatives, and the affair is as mysterious to them as to anybody else.

The incident produced considerable excitement in the neighborhood, and many persons gathered about the mill. The employees are are mostly young women, and the suggestion that an attempt was made to dynamite the plant naturally rendered them anxious.

### STOCK SALES POSTPONED

**900 Shares of Washington-Virginia Railway to go Under Hammer July 29**

The trustee's sale of 5,000 shares of common and 900 shares of preferred Railway Company, which was to have been held yesterday by the Continental Trust Company, has been postponed until July 29, it was stated This action was taken upon request of the Washington banks holding the $68,000 of notes of the Washington Utilities Corporation which are secured by the stock in question. The notes are held by three Washington banks and one bank in Alexandria.

Although there have been no bids for the stocks of the Washington-Virginia Company on the local stock exchange for several years, and no dividend is now being paid on either the preferred or common, considerable interest attaches to the sale of the stock at auction since it is understood that certain interests hope through its purchase to acquire control of the road.

### UNKNOWN MAN KILLED

**Electrocuted Leaning Against a Telegraph Pole**

Coatesvill, Pa., July 16.—Leaning against a telegraph pole, a white man, identity unknown, was electrocuted here yesterday. In his pocket was found a letter addressed to George Berkie. He was about 55 years old.

Previous to his death Policeman Smith reported an electric light wire which had fallen. The wire proved to be that of a guy line and it fell across some high tension wires and hung down through the branches of a tree, Some say that the stranger caught hold of the end of the wire. He did before a physician arrived.

Potomac Fish Company will have on sale tomorrow and balance of week; Jersey croakers, butter fish, white perch, large and small rock, catfish, also have fine crab meat, 75 cents quart, white flake 60 a quart, clam meat 50 a quart, fresh every day. Also have fine water melons at reasonable prices. C. H. Zimmerman, Proprietor. Phone 198.
168-3p.

### RESOLUTION ADOPTED

**Senator Lodge Wants President to Furnish Information Concerning Shantung**

Without a record vote, the Senate late ysterday adopted Senator Lodge's resolution asking the President for information as to an alleged treaty information as to an alleged traty negotiated between Japan and Germany in 1918. The Senate the adjourned until Thursday.

Senator Lodge charged during debate on the Peace Treaty that the Shantung settlement was "a price paid" for Japan's signature to the League of Nations with the robbing of China as the consideration.

"Shantung was a price paid and all the world knows it," Mr. Lodge said. "There is no statute of limitations that runs against a great wrong like that."

### STEP TOWARD WORLD PEACE

**Senator Underwood Urges Acceptance of Covenant Without Reserve**

Washington, July 15.—Characterizing the League of Nations as a practical step toward world peace involving no sacrifice of national sovereignty, Senator Underwood, Democrat, of Alabama, urged in the Senate yesterday acceptance of the League covenant without amendment or reservation.

"The great causes of war," he said "may be paraphrased in two words, 'National selfishness.' Until the civilization of the world is prepared to dethrone its own rights of other peoples the inherents causes of war must continue to exist.

"I am not prepared to say that the adoption of the present treaty carries within itself the elimination of these causes of war, or that in the end there will be no more wars, but I do say that, within the folds of this treaty, we find an agreement between the great nations of the world that probably will in the future carry the questions of national dispute to a court of final arbitration and in many if not in most instances, avoid the horrors and injustices of war."

### SEIZED WHISKY STOLEN

**80 Quarts Removed From Richmond Storage Room**

Richmond, Va., July 16.—It leaked out yesterday that thieves gained entrance to the storage room of the State Prohibition Department on night last week and made away with the entire supply of contraband whisky then on hand, amounting to 80 quarts. Several days elapsed, it is said, before Commissioner Peters discovered the theft, as it is not his custom to pay daily visits to the room in which the liquor was stored. He appears to have been advised of the robbery from outside sources.

The robbers, it develops, placed skids from a vehicle in Seventh street just outside the prohibition headquarters building, at the window opening from the room in which the liquor was stored. The rest was apparently easy sailing.

This room is just in the rear of the private office occupied by Dr. Peters. He was not in his office yesterday when efforts were made to get more light on the robbery. It was said that he was out of the city.

### LAW DISCRIMINATES

**Man Can Wed Dead Wife's Sister, But Woman Hasn't Similar Right**

As English law now stands, a man may marry his dead wife's sister, but a woman cannot wed her dead husband's brother.

The point was made clear by the presiding judge at the Northampton Assizes in the cases of two women who went through the marriage service with brothers of their dead husbands. Both were held for trial.

### RUSSIAN SUICIDE WAVE

Many suicides are being committed in Petrograd because of the reign of terror there, according to Swedish press reports received at the State Department yesterday.

Peters, in charge of the Bolshevik regime of Petrograd, has forbidden the sending of any letter out of Petrograd except by regular mails, it was stated.

STANDARD GASOLINE, 25c

Open evenings and Sundays, Alexandria Auto Supply, 104 South Washington street. 149-tf

## HAPPENINGS ABOUT CITY TOLD IN BRIEF

Mr. W. A. Harding, jr. of 411 Duke street, is spending his vacation at Atlantic City.

Miss Maria Harman, of 1123 King street is spending the summer at Rectortown, Va.

Mrs. B. A. Barnett and children are visiting Mr. and Mrs. P. B Parks near The Plains, Va.

Mr. and Mrs. Frederick M. Penn, of 524 North Washington street, have as their guest, Mrs. Penn's sister and brother-in-law, Mr. and Mrs. Bewerley Traylor Hummer.

Sergt. Robert L. Myers, Jr., and Corporal Charles W. Myers, sons of Mr. and Mrs. Robert L. Myers, have arrived home from France where they spent the past year.

Mrs. L. A. Walters, formerly of this city, but now of Washington, is seriously ill at the Georgetown University Hospital, following an operation.

Mr. W. A. Barnett after having spent the past two days at his place of business has returned to Bluemont where he has a cottage for the summer.

In the corporation court, judge L. C. Barley presiding, a final degree for divorce was granted in the case of Mabel W. Hoban from Frederick H. Hoban, jr.

Miss Ann Lewis Jones, daughter of Dr. and Mrs. T. M. Jones, of this city, who has ben in service in the Red Cross Hospital 45 in France nearly a year, is in New York on her way home. Her parents received a letter from her today.

Practically all of the retail stores of the city closed at 1 o'clock this afternoon for the remainder of the day in order to give their employees a half holiday. This is the second Wednesday that they have closed. This schedule will be maintained during the month of July and August.

Mr. James G. Peverill and wife, who have been spending the past week with relatives in Branchville, S. C., have returned home. Their daughter Miss Laura May Peverill, who accompanied them, will spend the remainder of her vacation visiting friends in Orange and Spartanburg, S. C.

Mrs. Homer H. Van Wie and son Homer Daniel are visiting Mr. Van Wie, executive secretary of the War Camp Comunity Service, and during the absence of Mr. and Mrs. Harry Wade who are spending a vacation on Chesapeake Bay, they have taken their residence at 303 South Washington street.

Mr. and Mrs. Hammersley announce the marriage of their daughter, Mrs. Laura Virginia Murphy to Mr. D. Walter Horgan, on Wednesday, July the 16th. After a brief visit north the couple will reside at 620 King street. The ceremony was performed by Rev. Dr. E. V. Regester pastor of the M. E. Church.

### SHIPYARD EMPLOYES

**Open Meeting and Smoker Friday Night at Opera House**

An open meeting of the employes of the Virginia Shipbuilding Corporation will be held at 8 o'clock Friday night in the Opera House. The affair will take the form of a smoker and will be under the auspices of Local No. 369, Iron Shipbuilders.

A number of prominent officers of the International Association are expected here. General Organizer McGowan will preside. All members are invited to attend.

### DEATH SENTENCE BANNED

The power of General Pershing to inflict the death penalty was taken away yesterday by an order of the Secretary of War.

This is another indication that the country is returning to peace basis without any formal declaration of the "end of the emergency."

## NEW ALEXANDRIA

While New Alexandria has lain practically dormant during the past quarter of a century, the rapid advance of the old city on the north bank of Hunting creek is affecting the new town on the south side. The overflow of Alexandria is already being felt in New Alexandria, but five minutes' ride to our city and numbers of persons employed or conducting business here reside in the embryonic town. Many others are liable in time to take up their abodes in this adjoining place, and with better facilities for going and coming their number would be augmented rapidly.

New Alexandria came to the birth in 1892 and was synchronous with the construction of the electric railway from this city to Mount Vernon.

Several enterprises were placed in operation at the time. The railway bridge across Hunting Creek was at that time a highway bridge also, over which vehicles and pedestrians passed daily. Unfortunately one morning an electric train struck a wagon on the structure, a suit for damages followed, and later the wagon and footway were removed, since which time the bridge is only used by trains.

The Southern Railway years ago built a spur track from South street which connected with that of the electric road, but, for some reason it was never used.

The location of the spur track is at a point known as "Broomelaw," one of the stations of the electric road and within the limits of Alexandria. Hundreds of men empolyed at the plant of the Virginia Shipbuilding Corporation arrive at and leave this station daily.

It has been suggested by those intersted that the time may come when the trains will pass over Hunting Creek upon a bridge starting at "Broomelaw," the extrme southern end of Royal street, instead of the present structure several squares west. The present bridge is twenty-seven years old, and the time may be close at hand when the building of a new one will be imperative.

It is the purpose of the Virginia Shipbuilding Corporation eventually to fill in much of Hunting Creek, allowing but a narrow channel for the waters, when a new highway bridge is likely to take the place of the present stucture.

It is further suggested that the electric railway, the Southern Railway, the Virginia Shipbuilding Corporation, Fairfax county and the city of Alexandria may work together towards bringing about this desideratum.

## LOGIC OF ADVERTISING

The Manufacturers' Record of Baltimore says that "for months the United States Government urged all business men to realize that they could "sell" prosperity to the country by big, bold advertising. It urged everybody to advertise heavily; if they were already advertising, to increase their expenditures and broaden their publicity campaign and if they were not advertising, to begin an aggressive campaign. Never was better business advice given, never was it more fully accepted, and never was there a greater demonstration of the wisdom of such advice. Business men everywhere commened to advertise more freely and on broader lines. Many men who had never done much advertising saw a new light and began to advertise, while old-time advertisers made larger appropriations and gave better heed to the almost limitless power of publicity. The result is everywhere in evidence The confidence displayed by heavy advertising begat confidence. Advertising is therefore, as so strongly presented by the Federal Government, a work of patriotism as well as of enlightened selfish business interest."

Most persons engaged in business in Alexandria realize the importance of advertising, and the Gazette's columns have of late been under great pressure in order to accommodate those who may desire to keep their business before the public. That it pays is evident from the fact that they are continuing to avail themselves of the services of the newspaper.

## MINIMIZING TYPHOID

The Virginia Board of Health has been working assiduosly towards curtailing the cases of typhoid fever, that much to be dreaded malady which generally prevails at this season. An item elsewhere in the Gazette shows that but few cases prevail in Richmond, and it is further shown that in other places in the State the disease is regarded as sporadic and in no sense prevailing as an epidemic.

Only a few cases are reported in Alexandria, while last summer it assumed the dimensions of an epidemic in this city, so much so that the government health officers placed a ban upon us, and soldiers stationed at Camp Humphreys were forbidden to eat or drink while on visits here.

The work of cleaning up the city was begun at once, and in a short time Alexandria was given a clean bill of health. This work has in no way been relaxed, and the Alexandria Health Department is devoting its entire time to making personal investigations of every place where nuisances exist and causing the same to be eliminated forthwith.

While this department has been actively at work lateral sewers have been constructed and many householders have connections made with the same.

There is, however, still much to be done, and the health department, acting upon the practical principle that when a city shall have been placed in a sanitary condition, to keep it at that point, is making it obligatory upon us to observe all sanitary regulations.

In an effort to keep down the typhoid fever rate, free inoculation will be given to residents of Washington by the health department.

Health department experts will do this work every Saturday from noon until 1 o'clock. It is at this time of the year that the typhoid fever rate usually reaches its height.

## BOY ADMITS MURDER

Avon, N. J., July 16.—Police declared here yesterday that Edward O'Brien, 20 years old, in a second confession admitted he killed Gardiner C. Hull, New York stationer, last Friday by beating him with a hammer.

O'Brien was an employe of Hull. In a statement Monday night he denied he had struck the blows, blaming the crime on his "partner," Edward Early Page.

When he was arraigned here yesterday on a charge of murder, O'Brien, according to the police, told a new story, saying Page was innocent and that he had denied the charge at first because of sympathy for his mother.

## ATTEMPTS TO ESCAPE

### Negro Suspected of Attacking Women Break For Freedom

While waiting in the squad room at the District Building in Washington for victims of the negro fiend to attempt his identification as their assailant, Lewis Randall, held as a suspect in the case of the assault upon three white women by a negro, suddenly made a break for freedom.

Dashing across the room he jumped through an open window and landed in an areaway on the Fourteenth street side of the District Building. Detective Sergeant Scrivener, one of the officers in charge of the case, rushed after Randall and seized him just as he was making a final attempt to gain the street.

A brisk tussle ensued until two detectives could move that way to the scene and subdue the prisoner.

Detective Sergeant Guy Burlingame last night said that Randall sent for an uncle, Derwyn to come to headquarters and testify that he was at the latter's home on the night of the assault upon Miss Saunders.

The uncle, when questioned, confessed he had not seen his nephew for more than three weks, and then only for a short time.

The case against Randall is strengthened, according to the police, by the number of conflicting stories he has told and the several attempts that have been made by relatives to clear him on false attempt.

He has been positively identified as their assailant by two of the women.

Detectives assigned to the case declare that when taken to the places where the women were accosted, Randall showed pronounced signs of nervousness, and was eager to get back to headquarters.

Catarrh is a Real Enemy and Requires Vigorous Treatment

When you use medicated sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.

Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?

Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. S. today, and commence a treatment that has been praised by sufferers for nearly half a century.

S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. For special medical advice free regarding your own case, address Medical Director, 51 Swift Laboratory, Atlanta, Ga.

## OFFICIAL FAMILY MEETS

**President Inaugurates "Open House" Policy for Discussion of Problems**

For the first time in practically eight months the Cabinet, with President Wilson presiding, met yesterday and discussed purely American questions.

Beginning today and thereafter as often as possible, the President will hold "open house" at the White House for all members of Congress, of whatever their political affiliations, who wish to see him.

This will be a permanent policy, it was said, and it is a startling departure from the aloofness which has generally characterized the President's attitude in the past toward the legislative branches of the government. He has a number of appointments with Senators and Representatives for from 10 to 12 o'clock today, but any member of Congress who desires to talk to him will be welcomed, and the President will endeavor to set aside a specific period every day or so for the purpose of meeting of Congress.

Concerning yesterday's meeting of the Cabinet it may be said that the President's official family is intact and to all purposes intends to stay that way. Postmaster General Burleson, who has been the storm center for the past few months, took up his multiple troubles with the President in a private conference, which extended an hour after the close of the Cabinet meeting. Mr. Burleson emerged from the White House with a smile that betokened he was at peace with the world.

"Anyone who thinks I'm going to resign is a fool," he said, and later he added: "You can take it as a fact that all these reports and canards are false."

## THREE FLIERS DROWNED

**Seaplane Plunges Into River off Philadelphia**

Philadelphia, July 16.—Three naval aviators were pinned to the bottom of the Delaware River and drowned Monday when a large five-passenger seaplane plunged into shallow water off the Philadelphia navy yard. Two others in the seaplane at the time were injured.

The dead are: Ensign Harold C. Roehrig, Pasadena, Calif.; Chief Machinist's Mate A. E. Ehrke, Milwaukee, Wis., and Cowswain H. G. Souder, Atlantic City.

The seaplane, of the F-5 L type, was making a test flight working out a problem in aerial wireless. It was practically unobserved by the thousands of employes working in the yard and had been in the air some time when it was seen to descend at a sharp, swooping angle. When about 200 yards above the water it suddenly dropped apparently out of control. It struck the water, nose first, and went straight to the muddy bottom. The plane, completely wrecked, rose slowly to the surface as small boats put out to it.

LISTEN!

An opportunity to get a practically new $40 Kitchen Coal Stove for almost half price. Cash. Call at 501 Prince street.

## THE PROPER COURSE

**Information of Priceless Value to Every Alexandria Citizen**

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Alexandria citizen who used them and who publicly tells of the benefit derived?

Guy Pettit, railroad engineer, 114 Commerce St., Alexandria, says: "I have used Doan's Kidney Pills off and on for a number of years and they have done me so much good I wouldn't be without them. I usually carry a box of Doan's with me because my kidneys are apt to get out of order. This is from the jarring of the engine. However I only have to use a few of Doan's Kidney Pills and I am not bothered any more."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Pettit had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Wholesome Food Keeps the Children Well

A mother writes:

"We always use Royal Baking Powder because we *know* when we use it we are not using anything injurious."

Prudent mothers avoid cheap baking powders because they frequently contain alum, a mineral acid. No matter how much they are urged to change, they stick to

ROYAL
Baking Powder

They KNOW it is absolutely pure

Royal contains no alum—Leaves no bitter taste

NOW IS THE TIME
To Build Up Permanently.
Nature at Its Best as an Aid.

If you who are weak, nervous and run down from over-work, worry of any other cause would only realize that the summer months is the time to build up strength and vigor there would not be so many collapses and running for aid during the winter.

The plan to follow is simple: plenty of rest and good wholesome food along with a strength-creating body- building tonic, Chasco-Vin with its Iron, Manganese, Hypophosphites, Nux and other strength making ingredients, is the tonic we suggest.

If you follow this plan carefully you will notice a wonderful improvement in two weeks time. But don't give up too soon.

The Local agent for Chasco-Vin is Edgar Warfield, Jr., King and Pitt Streets.

### RATS OPEN DINNER PAILS

**Wrap Tails Around Handles of Lids And Pull Them off.**

Lloydsville, Ohio, July 16.—Rats in the Taplin coal mine, near here, are very acute, according to the miners working there. They climb to poles near the dinner pails and wrapped their tails about the handle of the lid and help themselves.

A jar of cream left open was appropriated by another rat that dipped its tail into the contents and then licked the cream off its tail.

### LYNCHER GETS 10 YEARS

**Sim Andrews Convicted of Part in Killing Alabama Prisoner**

Montgomery, Ala., July 16.—Sim Andrews, charged with the murder of Frank Foukal, who was shot in his cell at the Bay Minete jail, June 22, was found guilty of first-degree manslaughter. The jury returned a verdict early last night, after three hours' consideration, and recommended that the prisoner be sentenced to ten years in the penitentiary.

The trial of Walter Bishop, said to have been a member of the mob, which is charged with lynching Foukal, will be placed on trial tomorrow Alienists testifying yesterday, declared Andrews is sane.

### EXPLOSION OF MINE

**U. S. Trawler Sinks in North Sea in Six Minutes**

One officer and six enlisted men were killed in the destruction of the American mine sweeper, Richard H. Buckley, by the explosion of a mine in the North Sea July 12. The other officers were injured.

The Buckley was eugaged with other mine sweepers in removing the North Sea mine barrage, when a mine became entangled in the sweeping cable. Before the cable could be freed the mine exploded directly under the ship's stern.

The trawler was shattered by the terrific impact, and sank in six minutes, before other vessels of the fleet could reach her.

Commander King remained on the bridge directing the efforts to save the crew and went down with his ship. The remainder of the dead either were killed by the explosions or trapped below decks when the vessel sank.

### 1,100,000 CATTLE DROWNED

Buenos Aires, Argentina, Monday, July 16. Government reports show that 1,100,000 cattle have been drowned in floods in the southern part of Buenos Aires province.

### ITALIAN STRIKERS RIOT

**8 Killed, 30 Wounded at Lucera; 2 Killed Near Genoa**

Rome, July 16.—Strike disorders occurred at various places in Italy Monday. At Lucera eight persons were killed and 30 wounded. Near Genoa two anarchists were killed in a fight with Carabinieri.

A general strike began at Caltanissetta, Sicily. The people there marched through the streets crying "Vive Soviet!" and forced dealers in foodstuffs and other necessaries to reduce the price 50 per cent.

The Italian Government, Premier Nitti announced in the Chamber of Deputies yesterday has taken ample measures to preserve order in view of the threat of a general strike throughout the country.

The Government of Premier Nitti, which took office several weeks ago, received a vote of confidence in the Chamber of Deputies. The vote passed by 257 to 111.

### CHINAMEN AT WEST POINT

**Two Full-Blooded Celestials Will Take Full Military Course**

Tao Hung Chang and Zeng Tze Wong, two full blooded citizens of China, will be enrolled at West Point for the full military course, Congress having passed a joint resolution authorizing their admission.

These students arrived in the United States in response to an invitation of the War Department, and congressional authorization was necessary before they could be admitted to the military academy.

Aside from Filipinos, they are the first foreign citizens to be accorded the privilege of an education at the government military academy.

## Cut Right in Two

That's what our vulcanizing does to your tire expense, and you know, if you're a steady user of a car, that this tire expense is greater today than ever before. It's well worth while to save that money and use the savings for other things in connection with your motoring pleasure. Try our vulcanizing and convince yourself.

### GERMANY RESPONSIBLE

New York, July 16.—The German government alone was responsible for the sinking of the Lusitania, and the Cunard Steamship Company cannot be held at fault, according to a decree signed Monday by Judge Julius M. Mayer in Federal District Court.

Suit against the Cunard Company for claims totalling between $5,000,000 and $6,000,000 have been filed.

### KILLS LANDLADY

New Orleans, July 16.—Miss Martha J. Cryer, 33, said by the police to have been suffering from a nervous disorder as the result of overapplication to literary work, yesterday shot and killed Mrs. Henry H. Jones in whose home she was a roomer.

According to the 17 year old daughter of the dead woman, Miss Cryer opened the door of the bathroom, which Mrs. Jones had entered, and fired three shots from a pistol, one of which was fatal.

Mrs. Jones recently wrote to Miss Cryer's brother at Little Rock urging him to come to New Orleans to care for his sister, who, she said, was "acting queerly." Miss Cryer has been devoting practically all of her time to writing, plays and stories.

According to the police, she freely admitted the shooting, saying she was being "hounded."

### RULES CHALONER IS SANE

**17 Year Fight of "Who's Lochey Now" Appears Won**

New York, July 16.—The 17 year fight of John Armstrong Chaloner, wealthy New Yorker, to prove his sanity in the State of New York, appeared to be won yesterday when Justice John Ford declared, after a hearing, that he regarded Chaloner has sane. He reserved decision.

Chaloner is asking the court to remove Thomas T. Sherman as committee of his person and property and to be restored to administration of his affairs. His fortune amounts to several million dollars.

Chaloner escaped from Bloomingdale Asylum in 1900, and has since lived in Virginia, where he was declared sane in 1901. He is a former husband of Amelie Rives, the novelist.

### TRADE WITH GERMANY

**Importing and Exporting by Americans May Start at Once Polk Approves**

Washinton, July 16.—General licenses covering import and export trading with Germany were issued late Monday by the War Trade Division of the State Department, with the approval of Acting Secretary Polk

Except in certain limited cases, provided under the Treaty of Peace, trading between the United States and Germany may be commenced at once.

### CITY LICENSE

All licenses are now due. Applicants should call and receive their licenses and pay same to the Mayor Especial attention is called to section 101 of the license law, June, 1919-May 31, 1920. By reason of the large number of machines in use in the City, and this, the first time local license tax imposed thereon, "automobiles motorcycles and etc., each and every owner of a vehicle shall obtain a city license and pay the sum of three dollars and fifty cents ($3.50) He shall be furnished a tag when license is paid, which must be displayed on each machine. This does not apply to non-residents temporarily operating a machine in this city when not for hire."

The Mayor will be in his office in the City Hall Royal Street side during office hours and each evening from 7 to 10 p. m., from July 15 to 19th., inclusive for the accommodation of those who might find it inconvenient to call during the day.

THOMAS A. FISHER,
165-4t. Mayor.

### NEGRO GASSED TO DEATH

**Goes Into Cavity to Investigate Why Dynamite Charge Failed to Explode**

Danville, July 16.—William Leftwich, a negro, aged 22, was gassed to death in a seventy-foot well at Bennersville, a nearby suburb, Saturday evening. The negro, with others, were boring a well to a deeper level by the use of dynamite. The day previously a charge had been laid, but it had never exploded, and Leftwich descended on the well windlass to investigate. Half way down he was heard to cough and choke, and a few seconds later there was a sudden jerking of the rope, which remained taut. As no answer was received to inquiries, Stephen Snipes, another colored man volunteered to go down to his assistance. He was let down by another rope, but had gone only a short distance when he was heard calling the men above to drag him back quickly. When he came out of the well he was exhausted and panting for breath. The discovery of the poisonous fumes halted immediately efforts to rescue Leftwich, but a hook was secured and this was so manipulated that it caught in his clothing and he was pulled out, and found to be dead. The gas is said by chemists to have formed by the chemical decomposition of the blasting charge, the gas being known as onlynitrite, a deadly gas when once inhaled causes immediate death.

### TERRORIST CAUGHT IN ACT

**Infernal Machines at Farrel, Pa., Like Those of June Oturages**

Farrel, Pa., July 16.—Carrying two cylindrical bombs which the police say are similar to those used by terrorists in their outrages in eight cities last June, an Italian who gave his name as Ralph Ruotolo, 23, of Youngtown, Ohio, was arrested here yesterday morning in the act of placing one of the infernal machines in the rear [illegible] home of Joseph Canteloup, a [illegible] merchant. He was [illegible] federal authorities

### GRAND THEATRE

Marguerite Clark, the dainty Paramount star, adds another triumph to her list of stellar successes in "Gretna Green," by Grace Livingston Furniss, which will be shown at the Grand Theatre tonight.

The play was named after the celebrated spot in Scotland where, according to the law of the early nineteenth century, eloping couples were married by the local blacksmith, the town clerk, or in fact, anybody who happened to be handy at the time.

### RICHMOND THEATRE

Although comparatively new to Paramount audiences, Bryant Washburn is a screen star whose following of admirers grows vastly with each new picture in which he appears. All who saw him in "The Way of a Man With a Maid," and "Venus in the East," will be gratified to know that in "A Very Good Young Man," at the Richmond tonight he does not appear as a small town boob, but as a young man who is a model of perfection—so perfect in fact, that the girl he loves, unwilling to believe that a young man who has not sowed his wild oats can be a good husband, turns him down. One of the most delightful comedies in which Mr. and Mrs. Sidney Drew ever appeared which will be shown with the above.

### BOMBS IN THREE TOWNS

**No Loss of Life Through Dwelling Containing Eight Children is Blown to Bits**

Clearfield, Pa., July 16.—Bombs planted in three different towns in this county wrecked several houses and badly damaged the National Bank building at Winburne Monday morning, but no lives were lost.

At the Bituminous National Bank at Winburne, ownd principally by the Robert Summerville, operator of a number of coal mines in this section, an explosion occurred at 9 o'clock. Other than shocking the employees and lifting the vault door off its hinges, no damage resulted.

At Janesville, the home of William Copenhaven was badly wrecked by dynamite, but no one was injured. A strike is on at one of the mines, and Copenhaven was one of the first men to return to work, and it is believd that for that reason his house was dynamited.

The houses of Edward Davis and James Muirhead, at Munson, were blown to pieces and, while four persons occupied the former and eight children the latter when the explosions occurred, not one was killed. The injuries are only minor ones.

### SHANTUNG BASIS ATTACKS

Shantung, the cession of which to Japan by the Peace Conference is bring bitter Senate attacks on the treaty and President Wilson, is a peninsula on the Yellow Sea, almost directly west of the southern portion of the Korean peninsula.

Before the war Germany held a valuable part of Shantung, including the city of Kiaochow, on Kiaochow Bay. This was taken by the Japs.

The peace treaty cedes all of Germany's rights to Japan on the verbal understanding they are ultimately to be turned back to China. Japan gets the rights to the railroads mines, cables, as well as all German state property in the province.

### INDICT RED CROSS HEAD

**John A. Farwell, of Chicago, Charged With Non-Support**

Chicago, July 16.—John A. Farwell, Chicago real estate broker who has been serving as head of a Red Cross division in Washington, was indicted here Monday on charges of non-support and wife abandonment. The State's attorney's office said Farwell had been arrested in Washington as he returned from a dinner at the residence of Colonel Georg Harvey.

Farwell denied the charge of non-support saying that his wife has plenty of money and needs nothing from him.

### SWISS WANT LEAGUE

Berne, July 16.—Edmund Schulthess, federal councillor, in the course of a long address before the Congress of the radical party here Sunday discussed Switzerland's entry into the League of Nations, giving arguments on both sides of the question. "I can only declare myself expressly in favor of our entry."

He added that his colleagues in the economic department and members of the commission on economic and international questions had reached the same conclusion.

## To the Citizens of Alexandria

The following gentlemen have been appointed a committee to solicit funds for the Children's Home of Virginia at Richmond, and have been requested to raise $1,200.00 as Alexandria's proportion of the $150,000 drive.

The committee feels that they have neither the time nor inclination to make a canvass for this institution owing to the numerous demands made upon our people in the past, and also feel that this is a most important work and should be most liberally supported by our people, and are, therefore, bringing the mater to your attention for your consideration and help in this way.

**Help save the children of Virginia, our most valuable asset.**

Send contributions to any member of the committee.

Respectfully,

S. W. PITTS, W. A. MOORE, Jr.
C. C. LAMOND, J. H. TRIMYER,

**To Our Patrons**

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

By order of the Board of Directors
